

Job Announcement

Job Title: Design Engineer

Pay Range: \$39.89 - \$53.85 per hour w/o P.E.

\$41.87 - \$56.52 per hour w/P.E.

Covington Water District has an opening for performing engineering and construction management related functions within the District, specifically design implementation; plan review; construction inspections; inspecting installations, coordinating new construction activities; coordinating the District's engineering projects with consultants, as well as state and local agencies.

Essential Duties and Responsibilities:

- Provides thorough and reliable plan review services and communicates findings to professional level engineers, surveyors and regulatory agencies.
- Reviews plans and specifications for water system improvements and extensions.
- Lead pre-construction meetings and inform contractor of District requirements.
- Review materials submittals, bond inspections, create deficiencies list, visit sites, create bill of sales, as-builts and assist with project closeouts and bond releases.
- Review pay estimates and change orders for capital improvement projects.
- Apply problem solving alternative construction methods and materials as necessary.
- Applies engineering knowledge to the solution of technical municipal water system development and repair projects.
- Assists in maintaining standard plans and specifications.
- Assists the public, developers, consultants, engineers and others.
- Performs project construction related surveying, GPSing and inspects work in progress.
- Assists in solving construction-related problems.
- Works directly with outside consultants and contractors concerning District standards and other engineering design and construction requirements. Helps guide developers through the District review and approval process.
- Assist with applicable records retention and destruction according to the parameters set by the Records Management Program.
- Overtime and work outside of normal business hours may be required.
- May perform other duties as needed or assigned.

Minimum Experience/Education: Requires a Bachelor's degree, 4 years related experience in water or sewer utility facilities, WA PE desired and valid Washington State driver's license.

Benefits: The District offers a full benefits package to include paid time off (vacation, sick and holidays), full family health insurance paid 100% by the District, State of Washington PERS retirement program, Disability, Life, EAP, HRA VEBA, and tuition assistance.

Individuals interested in applying for this position must submit online@www.covingtonwater.com a completed District Application with cover letter. We will notify applicants invited to participate in the interview process by phone or email by December 7.

We are a Drug Free Workplace and Equal Opportunity Employer.
